#### **SAFETY PREPAREDNESS**

VDEM has created the "Get Ready for Winter" section of its Web site at [www.vaemergency.com](http://www.vaemergency.com) to help you learn more about potential hazards and how to prepare for them. Here are a few tips:

- ? Have at least a three-day supply of food that won't spoil and three gallons of water per person, a battery-powered radio, a flashlight, extra batteries and a first aid kit.
- ? Have an extra supply of prescription or over-the-counter medicines.
- ? Wear loose fitting, lightweight, warm clothing in several layers. Outer garments should be tightly woven, water repellent and hooded.
- ? Wear a hat, as half of your body heat is lost through the top of your head. And, mittens that are snug at the wrists are better than gloves.
- ? Don't stay outside for extended periods in the cold.
